<th>Courses taught in English at our various departments usually require that students already have certain background in the subject (at least one year of full-time studies in the subject area before applying for courses). Students should carefully read the specific requirements for exchange students and for individual courses on the website of the relevant department to ensure that they meet the requirements of the courses they apply for.</th>

| **Subject Areas Restricted to Exchange Students** | - The Department of Industrial Design and the School of Architecture demand 3 years of prior studies in the subject as well as a [portfolio](http://www.lunduniversity.lu.se/international-admissions/exchange-study-abroad/exchange-studies).  
- There is a high demand for courses at the School of Economics and Management. Therefore, we cannot guarantee a full-time course load of economics, management and business related coursework. Furthermore, we cannot guarantee admittance to certain high-demand courses, even if a student is eligible. |
Due to a limited number of spaces, the Faculty of Performing Arts, the Malmö Art Academy and the Faculty of Medicine admit mainly students within specific faculty/department agreements. Accordingly, **we cannot guarantee admittance to courses in these faculties even if students are eligible.**

- For the Faculty of Performing Arts and the Malmö Art Academy, students must send a portfolio and have completed at least one full year of studies in the discipline.
- Journalism courses are taught in Swedish, and are generally not available to exchange students.

Please note that certain courses listed on our website are available only to students registered for a full degree programme and, as such, are not open to exchange students.
