**Subject Areas Restricted to Exchange Students**
The USFQ-UCL undergraduate exchange is specifically between the Arts and Sciences BASc and USFQ and does not include the School of Medicine or the Law School. Full year students must take 1.5 course units from the Core courses offered by the Arts and Sciences. They then have the flexibility to choose modules from a variety of other departments across UCL (some of which will have prerequisites)

**Academic Program Strengths**
UCL is currently ranked 4th in the QS rankings so all programmes are considered to be very strong. The Arts and Sciences Programme allows students to take courses from different subject areas in order to build a programme of study that is specific to their interests.
